

UPCOMING CONSTRUCTION ACTIVITIES

El Camino Real (ECR) Lane Closures

Median and pavement work continues along ECR. **This work requires intermittent traffic lane closures** with only one lane closed per direction at a time.

Sidewalk reconstruction along the Middle Plaza project site will follow. The sidewalk reconstruction is expected to begin at the north end and move south along the project site. **Lane closures will be intermittent as sidewalk work takes place.**

Flaggers and signage are present to direct vehicle and pedestrian traffic and ensure safety. Noise levels are monitored to ensure work is performed within necessary compliance levels.

Construction activities are currently limited to weekdays, 8am–4pm. **Some upcoming required night work is anticipated, pending permit approval.** Details to follow.

In summary, ECR work will follow this approximate construction schedule:

- **Median Work:** March–June
- **Sidewalk Work:** June–August
- **Roadway Repaving:** July–August
