EMERGENCY SERVICES AT MIDDLE PLAZA

In compliance with San Mateo County's Health Order #c19-5b section 13.f.v., the City of Menlo Park has approved an exemption to Stanford Middle Plaza to conduct emergency work to protect the stability of the site, therefore qualifying as an "emergency condition."

Shoring work on site will take place **Monday – Friday from 8am – 4pm.** This activity will last approximately 6-7 weeks, weather pending.

Two final concrete pours at the site will be permitted on **Monday, 5/4 and Wednesday, 5/20 from 8am – 6pm.**

These activities will proceed with close attention to Occupational Safety and Health Administration and Centers for Disease Control and Prevention guidelines, with specific plans addressing COVID-19 protocols.

Our commitment to the community continues, as we collect community feedback, share information, and mitigate as many impacts as possible to ensure the safety of construction workers and community members.

We encourage all community members to **remain engaged with our communications channels** so we can collaborate and share information.

Please refer to https://healthalerts.stanford.edu for ongoing alerts related to this matter.

Construction Hours

Construction hours are compliant with the City of Menlo Park's Construction Policy.

There may be instances where Project construction activities take place during the evening and/or weekends when deemed necessary to reduce construction impacts on traffic along El Camino Real. This will be done with the required necessary approval from the City of Menlo Park.

We appreciate your patience during construction.
